Subject to Change

Welcome to Sentara Health Plans!

When you enroll in a Sentara Direct Individual & Family Health Plan, you may need to select a Primary Care Physician (PCP) from our network of affiliated PCPs. If you do not select a PCP, or the one you selected is no longer available, we will select one for you and notify you of that selection. You may change your designated PCP at any time. Please note, every family member on your plan may select a different PCP. If you have children, you may choose a participating pediatrician as their PCP.

Sentara Individual & Family Health Plans do not require a referral from a PCP to visit another doctor or specialist. However, your PCP can help coordinate your healthcare needs and serve as your first step to determine an illness or condition, offer methods of care, write prescriptions, and recommend specialists or facilities, if additional diagnoses and follow-up is needed. The selected specialist must participate in the Sentara Health Plans network in order to be covered under your in-network benefits.

This directory is current as of the date listed on the cover; however, it does not guarantee that the provider is still in the network or accepting new members at the time of your visit. It is the member's responsibility to know which providers are participating Plan providers. The most current information regarding provider participation is available at sentarahealthplans.com or on the Sentara Health Plans mobile app. To access the most current listing of Direct Plan providers, sign in to your secure account or you may visit our Find-a-Doc provider search. Be sure to select the Direct option from the drop-down menu.

To find out the professional qualifications of most Plan physicians, please call 757-552-7200 or 1-800-736-8272, or visit our website at sentarahealthplans.com. This information is available 24 hours a day, 7 days a week. If you have any questions about your health benefits, please call member services at the number listed on the back of your member ID card.

Direct Network

As a member of a Sentara Direct Individual & Family Health Plan, you have a tiered network of providers. This means that you have the freedom to choose from any healthcare provider in the network. You will have a lower cost share-in the form of copayments and coinsurance amounts-for using a Tier 1 provider. With this network design, you have the option to also visit Tier 2 providers for a higher cost share than a Tier 1 provider. Please refer to your plan documents for more information about the cost savings of choosing a Tier 1 provider, specific to your plan.

In-Network and Out-of-Network Care

By using an in-network physician or medical facility listed in this directory, you pay lower out-of-pocket costs for the care you receive, and you do not have to fill out and submit claim forms. You will pay any applicable charges at the time you receive care. Certain services require only a copayment, while the costs for other services are based on a coinsurance

percentage. You should refer to your Plan documents for these specific amounts. If you choose to receive care from a physician or other medical facility that is not part of the Sentara Health Plans network, you may use out-of-network benefits, if you have them. These providers set their own rate for their services. Typically, when Plan members who have out-of-network benefits receive covered services from out-of-network providers, Sentara Health Plans will pay a set percentage, or an allowable charge, of the amount paid to in-network providers for the same service. The member will pay the rest. If the out-of-network provider charges more than what Sentara Health Plans pays, the provider may bill the member for the difference between the two amounts, as applicable under state and federal legislature. In addition, you must be willing to take responsibility for filing claims and make sure that pre-authorization has been secured by your provider for certain medical services and procedures.

For more information on in-network and out-of-network care, review your Evidence of Coverage, or call member services at the number listed on the back of your member ID card.

For plans that include spinal manipulation or chiropractic care benefits, a list of Chiropractic Providers is included in this directory.

Chiropractic Services

Chiropractic services are administered by American Specialty Health (ASH). To find an ASH provider please sign in to your secure account, visit sentarahealthplans.com/vendor/healthsparg/external-networks, or call member services at the number listed on the back of your member ID card.

Vision Services

Vision services are administered by VSP. To find a VSP provider please sign in to your secure account, visit vsp.com/choiceonly or call member services at the number listed on the back of your member ID card.

Provider

The Provider Networks for Sentara Health Plans, including those available on the Health Insurance Marketplace, consist of primary care, specialist, and behavioral health providers; and include physicians, physician assistants, nurse practitioners, and other qualified licensed clinicians.

Sentara Health Plans chooses providers based on specific criteria and credentialing requirements to create a network that ensures members can access participating providers within a reasonable distance and time.

All providers must have completed a comprehensive credentialing application and be approved by the Sentara Health Plans Credentialing Committee before being accepted into the network. The credentialing process consists of the review, verification, and evaluation of a number of criteria; including (but not limited to) education, specialized training, board certification, state license(s), malpractice history, and sanction records. Providers with a felony conviction and/or sanction(s) by Federal government agencies are not accepted into the Sentara Health Plans Network. Providers are re-evaluated every three years.

The Sentara Health Plans credentialing process exceeds the requirements of the National Committee for Quality Assurance (NCQA) and the Commonwealth of Virginia quality measures for credentialing.

No member experience or cost-related measures are used in the provider selection process.

Hospital/Facility

Hospitals for Sentara Health Plans, including those available on the Health Insurance Marketplace, are selected based on specific accreditation and accessibility criteria, to ensure members have access to quality hospitals within a reasonable distance and time.

Accreditation and licensure information is verified for all hospitals; an assessment is conducted to confirm the hospital is in good standing with state and federal regulatory bodies and that the hospital has been reviewed and approved by the appropriate national accrediting body.

To participate with Sentara Health Plans, hospitals must be accredited by the Joint Commission on Accreditation of Healthcare Organization (JCAHO), Healthcare Facilities Accreditation Program (HFAP), or DNV Healthcare Inc. Exceptions may be made for newly opening hospitals or hospitals in rural areas, which may be allowed to participate in the Sentara Health Plans network upon submission of documentation for patient safety plans and/or record of review from a state or federal regulatory body. Hospitals are re-evaluated every three years.

No member experience, patient safety, or cost-related measures are used in the hospital selection process.

Recognitions

Accreditation Commission for Health Care (ACHC): The Accreditation Commission for Health Care is a US non-profit health care accrediting organization. It represents an alternative to the Joint Commission and CHAP, The Community Health Accreditation Program.

Sentara Quality Care Network (SQCN): What is Sentara Quality Care Network (SQCN)?

A network of physicians, hospitals and other providers designed to become a Clinically Integrated Network which is the first such network of this kind in both the Hampton Roads and Charlottesville region.

Det Norske Veritas (DNV): Accreditation/Certification by DNV GL.

Accreditation Association for Ambulatory Health Care: AAAHC is the leader in ambulatory health care accreditation. AAAHC advocates for the provision of high-quality health care through the development and adoption of nationally-recognized Standards. Organizations that earn AAAHC Accreditation and Certification embody the spirit of 1095 Strong, quality every day, an ongoing commitment to high-quality care and patient safety. During the three-year or 1,095-day term, ambulatory health organizations can develop and foster the habits that enable leaders in the industry to provide the utmost in quality care to their patients.

American College of Radiology: Quality information includes awards, certifications and similar designations from accredited independent third parties.
