B1. Key terms

This section explains key terms in our Directory.

- **Providers** are professionals such as doctors, nurses, pharmacists, therapists, and other people who provide care and services. **Services** include medical care, Long-Term Services and Supports (LTSS), supplies, prescription drugs, equipment, and other services.
    - The term **providers** includes facilities such as hospitals, clinics, and other places that provide medical services and medical equipment. It also includes LTSS providers that you may use as a Sentara Community Complete member.
    - Providers that are a part of our plan's network are called **network providers**.
- **Network providers** have contracted with us to deliver services to members in our plan. Network providers participate in our plan. That means they accept members of our plan and provide services our plan covers. When you use a network provider, you usually pay nothing for covered services. Members who get Long-Term Services and Supports (LTSS), including skilled and custodial nursing facility and CCC Plus Waiver Services, may have a monthly patient pay amount as determined by the Virginia Department of Social Services.
- A **Primary Care Provider** (PCP) is a family medicine, internal medicine, or geriatric medicine provider who gives you routine health care. In some instances, you may also use your Obstetrician (OB) or Gynecologist (GYN) as your PCP. Your PCP will keep your medical records and get to know your health needs over time.
- **Specialists** are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:
    - Oncologists care for patients with cancer.
    - Cardiologists care for patients with heart conditions.
    - Orthopedists care for patients with certain bone, joint, or muscle conditions.
- You may need a **prior authorization** for a specialist or someone that is not your PCP. A **prior authorization** is different than a referral. It means that **Sentara Community Complete** (not your network PCP) must give you approval **before**

If you have questions, please call Sentara Community Complete at 1-866-650-1274 (TTY:711) , October 1 to March 31, 7 days per week, 8 a.m. to 8 p.m., and from April 1 to September 30, Monday through Friday, 8 a.m. to 8 p.m. After business hours and on weekends and holidays our automated phone system will answer your call. we will cover a specific service, item, or drug or an out-of-network provider. If you don't get a prior authorization, Sentara Community Complete may not cover the service, item, or drug.

  - Early Intervention (EI) services;
  - Family planning;
  - Primary care services;
  - Preventive services;
  - Basic prenatal care.

- Additionally, if you are eligible to get services from Indian health providers, you may use these providers without a prior authorization. We must pay the Indian health provider for those services even if they are out of our plan's network.

- More information on prior authorization is available in **Chapter 3** of the *Evidence of Coverage*.

- You will also be assigned a Sentara Community Complete Care Coordinator and an Interdisciplinary Care Team (ICT) that you choose. Your Care Team works together to make sure your care is coordinated. This means that they make sure that you get all of the tests, labs, and other care that you need, and the results are shared with the appropriate providers. It also means that your PCP should know all medicines you take so that they can reduce any negative effects. Your PCP will always get your permission before sharing your medical information with other providers. Members of your Care Team may include:

  - A **Care Coordinator** that helps you manage your medical providers and services. Your Care Coordinator will work with you and your providers to make sure you get the health care services you need. Your Care Coordinator collaborates with you and your ICT to create and carry out your plan of care based on your needs and your goals. Your Care Coordinator advocates for

Most of these services are provided at your home or in your community but could be provided in a nursing home or hospital. LTSS is available to members who meet certain clinical and financial requirements.

Members may request a screening through their Local Department of Social Services (LDSS), Local Departments of Health (LDH), or hospital and nursing facilities. We contract with the Virginia Department of Health (VDH) and Department of Aging and Rehabilitation services (DARS), and hospitals to conduct screenings for individuals.

B5. How to access Sentara Community Complete's network providers

You must get all of your covered services from providers within our network. If you use providers who are not in Sentara Community Complete's network **(without prior authorization), you may have to pay the bill.**

> A **prior authorization** is an approval from Sentara Community Complete to seek services outside of our network or to get services not routinely covered by our network **before** you get the services.

The exceptions to this rule are when you need urgent or emergency care or dialysis and cannot get to a provider in the plan, such as when you are away from home. You can also go outside the plan for other non-emergency services if Sentara Community Complete gives you permission first.

- You may change providers within the network at any time during the year. If you have been using one network provider, you do not have to keep using that same provider.
