B. Background information about Tufts Health Plan Senior Care Options' network providers

B1. Key terms

This section explains key terms in our Directory.

- **Providers** are professionals such as doctors, nurses, pharmacists, therapists and other people who provide care and services. **Services** include medical care, Long-term Services and Supports (LTSS), supplies, drugs, equipment and other services.
  - The term "providers" includes facilities such as hospitals, clinics and other places that provide medical services and medical equipment. It also includes LTSS providers that you may use as a Tufts Health Plan Senior Care Options member.
  - Providers that are a part of our plan's network are called network providers.
- **Network providers** have contracted with us to deliver services to members of our plan. Network providers participate in our plan. That means they accept members of our plan and provide services our plan covers. When you use a network provider, you usually pay nothing for covered services.
- A **primary care provider** (PCP) is a physician, nurse practitioner or physician's assistant who meets state requirements and who gives you routine health care. Your PCP will keep your medical records and get to know your health needs over time. Your PCP will also give you a referral if you need a specialist or other provider.
- **Specialists** are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:

This section is continued on the next page

If you have questions, please call Tufts Health Plan Senior Care Options at 1-855-670-5934 (TTY: 711), 7 days a week, 8 a.m. – 8 p.m. (Apr. 1 – Sept 30, Mon. – Fri., 8 a.m. – 8 p.m.). The call is free. **For more information**, visit www.thpmp.org/sco-member.

  - Oncologists care for patients with cancer.
  - Cardiologists care for patients with heart conditions.
  - Orthopedists care for patients with certain bone, joint or muscle conditions.
- You may need a **referral** or **prior authorization** for a specialist or someone that isn't your PCP. A **referral** means that your network PCP must give you approval before you can use the other provider. A **prior authorization** is different than a referral. It means that **Tufts Health Plan Senior Care Options** (not your network PCP) must give you approval **before** we'll cover a specific service, item, drug or an out-of-network provider. If you don't get a referral or prior authorization, Tufts Health Plan Senior Care Options may not cover the service, item or drug.
  - Referrals or prior authorization **aren't** needed for:
    - emergency care;
    - urgently needed care;
    - kidney dialysis services that you get at a Medicare-certified dialysis facility when you're outside the plan's service area; or
    - services from a women's health specialist.
  - Additionally, if you're eligible to get services from Indian health providers, you may use these providers without a referral. We must pay the Indian health provider for those services even if they're out of our plan's network.
  - More information on referrals and prior authorization is available in **Chapter 3** of the *Member Handbook*.

This section is continued on the next page

- You'll also be assigned an **Interdisciplinary Care Team (ICT),** also known as a **Primary Care Team (PCT)**. You're the center of the ICT, along with your PCP, Care Manager and specialists. The ICT may also include a Geriatric Service Support Coordinator, Behavioral Health Consultant and/or pharmacist. Other team members may be assigned based on your needs. Your Interdisciplinary Care Team works together to make sure your care is coordinated. This means that they make sure that you get all of the tests, labs and other care that you need, and the results are shared with the appropriate providers. It also means that your PCP should know all medicines you take so that they can reduce any negative effects. Your PCP will always get your permission before sharing your medical information with other providers. Members of your Interdisciplinary Care Team may include:
    - A Registered Nurse **Care Manager** that helps you manage your medical providers and services.
    - Your **primary care provider.**
    - **A Geriatric Support Services Coordinator (GSSC)**, along with your Care Manager will help coordinate your home and community-based services. The GSSC is based out of your local Aging Services Access Point (ASAP). Refer to Section C11 (Home and Community-based Services (HCBS)) to find where the ASAPs are listed. (Both the Care Manager and the GSSC may work as a part of your Interdisciplinary Care Team to make sure you get the care you need.)
    - A nurse practitioner or physician's assistant.

Your Interdisciplinary Care Team will also help you find other providers of medical, behavioral health or Long-term Services and Supports (LTSS) if you need a specialist or other health care provider. That way, you'll get the right provider to help you with your concerns.

If you have questions, please call Tufts Health Plan Senior Care Options at 1-855-670-5934 (TTY: 711), 7 days a week, 8 a.m. – 8 p.m. (Apr. 1 – Sept 30, Mon. – Fri., 8 a.m. – 8 p.m.). The call is free. **For more information**, visit www.thpmp.org/sco-member.

B2. Wait times for primary care and behavioral health

We must provide you with access to primary care and behavioral health services within the following timeframes:

- Immediately for urgently needed services of in an emergency;
- Within seven days for services that aren't an emergency or urgently needed, but you require medical attention; or
- Within 30 days for routine and preventive care.

B3. How to choose a primary care provider (PCP)

First, you'll need to choose a primary care provider. You can choose any PCP in our network who is accepting new members.

Your PCP may have certain plan specialists that can provide the best care for you. If your PCP refers you to a specialist, they may send you to a specialist with whom they work on a regular basis to ensure that your medical care is coordinated as effectively as possible.

To choose a PCP, refer to the list of providers in Section D1 and choose a physician:

- That you use now, **or**
- Who has been recommended by someone you trust, **or**
- Whose offices are easy for you to get to.
- If you don't choose a PCP in our network, Tufts Health Plan Senior Care Options will choose one for you.
- If you want help in choosing a PCP, please call Member Services at the number listed in the footer of this document, 8:00 a.m. to 8:00 p.m., 7 days a week from October 1 to March 31 and Monday - Friday from April 1 to September 30. The call is free. Or, visit www.thpmp.org/sco-member.
- If you have questions about whether any service or care that you want or need is covered, talk to your Interdisciplinary Care Team or call Member Services at the number listed in the footer of this document and ask **before** you get the service or care.

B4. How to access Long-term Services and Supports (LTSS) providers

As a Tufts Health Plan Senior Care Options member, you'll be able to get Long-term Services and Supports (LTSS) if you need them, such as adult day health, adult foster care, personal care attendant services and transportation. LTSS help people who need assistance to do everyday tasks like taking a bath, getting dressed, making food and taking medicine. Most of these services are provided at your home or in your community but could be provided in a nursing home or hospital.

If you need LTSS, your Care Manager along with a Geriatric Support Services Coordinator (GSSC) can help you and your Interdisciplinary Care Team determine what options are available to support you in the way you want. You always have the right to have a GSSC on your Care Team.

B5. How to access Tufts Health Plan Senior Care Options' network providers

You may need a referral for someone who isn't a primary care provider. There's more information about referrals in Section B1.

You must get all of your covered services from providers within our network. If you use providers who aren't in Tufts Health Plan Senior Care Options' network (**without prior authorization), you may have to pay the bill.**

A **prior authorization** is an approval from Tufts Health Plan Senior Care Options to seek services outside of our network or to get services not routinely covered by our network **before** you get the services.

The only exceptions to this rule are when you need urgent or emergency care or dialysis and can't get to a provider in the plan, such as when you're away from home. You can also go outside the plan for other non-emergency services if Tufts Health Plan Senior Care Options gives you permission first.

This section is continued on the next page

If you have questions, please call Tufts Health Plan Senior Care Options at 1-855-670-5934 (TTY: 711), 7 days a week, 8 a.m. – 8 p.m. (Apr. 1 – Sept 30, Mon. – Fri., 8 a.m. – 8 p.m.). The call is free. **For more information**, visit www.thpmp.org/sco-member.

- You may change providers within the network at any time during the year. If you've been using one network provider, you don't have to keep using that same provider. You may change your PCP for any reason, at any time.
- Tufts Health Plan Senior Care Options works with all the providers in our network to accommodate the needs of people with disabilities. As applicable, the list of network providers in this Directory includes information about the accommodations they provide.
- If you need a provider and aren't sure if they offer the accommodations you need, Tufts Health Plan Senior Care Options can help you. Talk to your Care Manager for assistance.
